Date:09/01/17

Dear Mrs Markham,

Speed Complaint – Low Lane (Ref CR1610380)

With regards to the speeding complaint reported by you, speed and accident data has recently been obtained and has recently been reviewed by the Road Safety Partnership Team:-

- The speed data obtained indicates a mean (average) speed of 19 & 19 mph and an 85th%ile* of 25 & 24 mph. The speed of vehicles on the road at this location are well within the 30mph speed limit, which is appropriate for this road.
- The injury accident data base does not indicate any speed related accidents within the last three years. North Yorkshire Police only takes account of recorded collisions which result in personal injury as 'damage only' incidents are not routinely reported to the authorities and therefore cannot be relied upon to assess the accident potential at any given location.
- No further action will be taken.

If you still hold concerns with regards to this matter you should contact your Parish or District Councillor.

With kind regards,

Speed Protocol Administrators

North Yorkshire Police,
Traffic Bureau PO Box 809 York. YO31 6DG
Or email SpeedConcerns@northyorkshire.pnn.police.uk
